INTRODUCTION TO THE HOUSEHOLD TO BE INTERVIEWED**CONVEY THE FOLLOWING INFORMATION TO THE RESPONDENT:**

You were one of the households interviewed as part of the Third Integrated Household Survey (IHS3) in 2009/2010 administered by the National Statistical Office in Zomba and selected for a follow-up interview this year as part of the Integrated Household Panel Survey (IHPS). The IHS3 survey asked questions about how you were living and the responses provided were intended to help the government of Malawi do a better job in meeting the needs of all Malawians.

IHS3 HOUSEHOLDS:

Now in 2012/2013, we are returning to see how things are progressing in terms of living standards.

SPLIT-OFF HOUSEHOLDS:

At the time of IHS3, one of your household members was living in a selected household, and we would like to see how things are progressing and how they, and the rest of their new household, are living now.

ALL:

I would like to ask the questions in this form to you as head of household or spouse of the head. I will also need to ask questions to other members of your household, as well as weigh and measure the height of any children under age 5 years who live in your household. These questions will take several hours to complete. All of your answers will be held in confidence. The answers which you and the members of your household might give me will only be used by the NSO or under its supervision.

Before I start, do you have any questions or is there anything which I have said on which you would like any further clarification? May I proceed with interviewing you and members of your household?
